GELATI E CICLABILI 2012

Starting on June 13

Every Wednesday in the summer: cheerful evenings by bike.

The target of "Gelati e Ciclabili" is to know the best ice-cream makers biking on the cycle ways in and around Bologna. On the ninth edition "Gelati e Ciclabili" in 2012 offers evening appointments from June to September: two happy hours with departure from Piazza Maggiore in Bologna.

Every evening – with a different topic (the cream, the chocolate, the sorbets, ...) - will be "tested" two ice-cream shops, located near the existing cycle ways and reached easily by anyone bicycling (with any bike, well equipped, in particular with the lights). It will be a way to:

- let everyone know the possibilities of bicycling in Bologna and the surrounding areas;
- appreciate the art of companies - often small shops that can not compare the impact of the shopping centers or the franchise group – that give high quality to the ice-cream;
- know "the chemistry of the ice-cream" or why the ice-cream is healthy;
- bring together again the families (parents and children) by bicycle safely to the rediscovery of Bologna;
- see if it is possible, in the dark, cycling on the cycle ways as during the day...

Every ice-cream shop will be voted by the participants, who will be required the task to test two flavours (one on the topic suggested) in the two ice-cream shops during each evening.

Among all the compiled cards it will be made a classification of the ice-cream shops.
Among those who attended the most number of evenings will be extracted three portions
of 1 kg each of ice-cream as a reward from the most voted ice-cream shop.

Program:

Wed. June 13 th	Wed. August 8 th
Wed. June 20 th	Wed. August 22 nd
Wed. June 27 th	Wed. August 29 th
Wed. July 4 th	Wed. September 5 th
